Helping Your Child Learn Science is part of the president's efforts to provide parents with the latest research and practical information designed to support children's learning at home, at school and in the community.

Helping Your Child Learn Science (PDF)

1. Show your enthusiasm for your child's study of mathematics. 2. Encourage your child to be persistent; make sure that he or she knows that mathematics requires patience, practice, and time to think and reflect. 3. Urge your child to ask the teacher questions either during or after class. 4. Encourage your child to review class notes every night.

TM parent ROADMAP - Council of the Great City Schools

2. Play math games with your child. For example, "I'm thinking of a number. When I add five to it, I get 11. What is the number?" 3. Encourage your child to read and write numbers in different ways. For example, what are some ways that you can make the number 15? 15 can be $10+5$, $7+8$, $20-5$, or $5+5+5$. 4.
