Beer is one of the oldest and most widely consumed alcoholic drinks in the world, and the third most popular drink overall after water and tea. Beer is brewed from cereal grainsâ€”most commonly from malted barley, though wheat, maize (corn), and rice are also used. During the brewing process, fermentation of the starch sugars in the wort produces ethanol and carbonation in the resulting beer.

A beer sommelier, also called a cicerone, is a trained professional, working in the hospitality and alcoholic beverage industry, who specializes in the service and knowledge of beer. The knowledge required for certification includes an understanding of styles, brewing, ingredients, history of beer and brewing, glassware, beer service, draught systems, beer tasting, and food pairings.

Unknown said.... Have noticed for years I cannot tolerate red wine even in small amounts. I needed to use red wine in a recipe, and decided to have a glass or two. When my stomach ache started, I must have remembered reading about the histamine effect because I got the idea to pop an antihistamine...and within fifteen minutes, my red wine stomach ache disappeared.
