The brown-headed cowbird (*Molothrus ater*) is a small obligate brood parasitic icterid of temperate to subtropical North America. They are permanent residents in the southern parts of their range; northern birds migrate to the southern United States and Mexico in winter, returning to their summer habitat around March or April.

What is multi-sensory learning? All of us learn through all our senses. Some of us learn better through one sense than another. Some pupils learn best through visual approaches; others through auditory approaches;

yet others through a combination of the two.
