Great stuff Avinash and an excellent framework that can be and should be leveraged by anyone doing web analytics. One way I visualize is to have a split in the Business Objectives section with the first part being the objectives for your company (overall) and the second being the objectives for your website.

The rapidly expanding field of big data analytics has started to play a pivotal role in the evolution of healthcare practices and research. It has provided tools to accumulate, manage, analyze, and assimilate large volumes of disparate, structured, and unstructured data produced by current healthcare systems. Big data analytics has been recently applied towards aiding the process of care ...
