of experience that I have gained through work initially as an information technology manager and then as a consultant to executives in the public and private sectors.

An Introduction To Enterprise Architecture: Third Edition

Last Updated: Survey of Architecture Frameworks. The specification of architecture frameworks is one area of standardization in ISO/IEC/IEEE 42010:2011 (the international revision of IEEE 1471:2000).. WG42 is collecting examples of architecture frameworks, listed below. Items in grey are entries in progress and should not be considered definitive at this time.

Survey of Architecture Frameworks

Although primarily aimed at software architects and developers, the C4 model provides a way for software development teams to efficiently and effectively communicate their software architecture, at different levels of detail, telling different stories to different types of audience, when doing up front design or retrospectively documenting an existing codebase.

The C4 model for software architecture
