

europaean constitutional law pdf

Constitutional law is a body of law which defines the role, powers, and structure of different entities within a state, namely, the executive, the parliament or legislature, and the judiciary; as well as the basic rights of citizens and, in federal countries such as the United States and Canada, the relationship between the central government and state, provincial, or territorial governments.

Constitutional law - Wikipedia

By Harm Schepel. Introduction. All is clear, then: CETA's Investment Chapter is perfectly compatible with EU Law. According to Advocate General Bot, the agreement is wholly separate from the normative (as opposed to the factual) universe of EU law, and merely protects readily identifiable "foreigners" investing in the EU in the same way as it protects readily identifiable "European ...

European Law Blog | News and comments on EU law

European Union law is the system of laws operating within the member states of the European Union. The EU has political institutions and social and economic policies. According to its Court of Justice, the EU represents "a new legal order of international law". The EU's legal foundations are the Treaty on European Union and the Treaty on the Functioning of the European Union, unanimously agreed ...
