

field research in political pdf

The department is a leader in another emerging methodology, the use of field experiments to study political outcomes. The use of randomized control trials conducted in the field has influenced social science research generally over the last decade, and the department is at the forefront of this development.

Fields of Study | Political Science

1 Field research in political science: practices and principles. "Fieldwork continues to be the most productive and exciting part of what we do." Philippe Schmitter (quoted in Munck and Snyder 2007, 337) Fieldwork is "one of the more disagreeable activities that humanity has fashioned for itself." William Shafer and Robert A. Stebbins (1991, 1)
