Conceptual art is art in which the concepts or ideas involved in the work are more important than traditional aesthetic and material concerns. Many of the works, sometimes called installations, may be constructed by anyone simply by following a set of written instructions. This method was fundamental to one of the first to appear in print: "In conceptual art the idea or concept is the most ...

A conceptual model is a representation of a system, made of the composition of concepts which are used to help people know, understand, or simulate a subject the model represents. It is also a set of concepts. Some models are physical objects; for example, a toy model which may be assembled, and may be made to work like the object it represents.. The term conceptual model may be used to refer ...
