PDF | On Jun 1, 2013, Yang Wu and others published Future Research Needs for Childhood Obesity Prevention Programs

### **(PDF) Future Research Needs for Childhood Obesity**

An important part of systematic reviews is to not only synthesize the evidence, but also to identify the gaps in evidence that limited the ability to answer the systematic review questions. EPCs worked with various stakeholders to further develop and prioritize the future research needed by decisionmakers. This collection of 44 Future Research Needs projects is intended to be used by ...
