The 5th edition of Operations Management continues to incorporate more of a business/qualitative focus with less emphasis on a quantitative presentation to OM. This new edition is focused on offering more problem solving hints and tips as part of the solution to most examples and solved problems throughout the book.

#### **Operations Management: An Integrated Approach, 5th Edition**

In the new Fourth Edition, all aspects of operations management are explainedâ€”its critical impact in todayâ€™s business environments, its relation to every department in an organization, and the importance of an integrated supply chain focus. Quantitative and qualitative topics are balanced, and students are guided through the coursework that ...
