### **Organization Theory and Design: Richard L. Daft**

Design theory is a subfield of design research concerned with various theoretical approaches towards understanding and delineating design principles, design knowledge, and design practice.

### **Design theory - Wikipedia**

Organizational theory consists of approaches to organizational analysis. Organizations are defined as social units of people that are structured and managed to meet a need, or to pursue collective goals. Theories of organizations include rational system perspective, division of labour, bureaucratic theory, and contingency theory. In a rational organization system, there are two significant ...
