Reflection is an active and effortful activity. It is a skill that needs to be developed, nurtured and refined.

Although some students will eventually, through trial and error, develop insights on their own without the use of a reflective journal, the learning process can be aided and time to learn decreased through the use of reflective journals.

The Reflective Teaching Model What is the Reflective Teaching Model? Reflective teaching is an inquiry approach that emphasizes an ethic of care, a constructivist approach to teaching, and creative problem solving (Henderson, 2001).. An ethic of care respects the wonderful range of multiple talents and capacities of all individuals regardless of cultural, intellectual, or gender differences.

### **The Reflective Teaching Model**

The teacher's role has been aptly summarised in the phrase, "a teacher is a person who teaches someone something, somehow". The three bulleted points above indicate the significance of each of the three: the someone, the something and the somehow. To succeed as a teacher, you need a thorough knowledge of all three. A teacher with a good
