Canopy of Hope is an enjoyable read with an array of different characters, motives, agendas, and secrets. Its good flow will make it easy to lose yourself in the plot, and Wayne Peterson adds credibility to the story by the inclusion of simple, but not overly complex, explanations.

Canopy of Hope is the first book in a trilogy by up and coming author, Wayne Peterson. His words leap off the page and construct a visually stunning story of human survival and conflict. I enjoyed every moment of the book and cannot wait to start the second novel which will be released soon.
