The Engineering of Consent - Edward L. Bernays, 1947

The engineering of consent is the very essence of the democratic process, the freedom to persuade and suggest. The freedoms of speech, press, petition, and assembly, the freedoms which make the engineering of consent possible, are among the most cherished guarantees of the Constitution of the United States.

Engineering of Consent | Public Relations | Mass Media

engineering firm might seem like completely different work contexts, Burawoy's theory provides a valuable framework for understanding the long work hours of MegaTech's engineers as arising from competitive self-management's structuring of work as a consent-producing game.
