Government Governance - Corporate governance

The governance of not-for-profits is undertaken by the board or committee (these terms can be used interchangeably). The governance of an organisation is different to the everyday work of the organisation.

Governance and legal duties of office holders | Not for

Background. The discipline of information technology governance first emerged in 1993 as a derivative of corporate governance and deals primarily with the connection between an organisation's strategic objectives, business goals and IT management within an organization. It highlights the importance of value creation and accountability for the use of information and related technology and ...

Corporate governance: the board of directors and standing

Project governance is the management framework within which project decisions are made. Project governance is a critical element of any project, since the accountabilities and responsibilities associated with an organization's business as usual activities are laid down in their organizational governance arrangements; seldom does an equivalent framework exist to govern the development of its ...

Project governance - Wikipedia

Like any large multinational organisation, the University has a complex system of governance and many organisational units. Its mission is articulated in its strategic plans and much of its policy and administrative work is assisted by a number of committees. The University's operations are determined by the University of Queensland Act 1998, the Statutes at the University of Queensland and the ...
