usual view, the work arises out of and through the activity of the artist. But through and from what is the artist thatc which he is? Through the work; for the German proverb "the work praises the master" means that the work first lets the artist emerge as a master of art. The artist is the origin of the work. The work is the origin of the artist.

The goal of a formal analysis is to explain how the formal elements of a work of art affect the representation of the subject matter and expressive content. The emphasis should be on analyzing the formal elements—not interpreting the artwork. That said, an understanding of the meaning of the work is the final goal of any formal analysis.
