International Trade Administration

Trade involves the transfer of goods or services from one person or entity to another, often in exchange for money. A system or network that allows trade is called a market. An early form of trade, barter, saw the direct exchange of goods and services for other goods and services. [need quotation to verify] Barter involves trading things without the use of money.

Development aid is given by governments through individual countries' international aid agencies and through multilateral institutions such as the World Bank, and by individuals through development charities. For donor nations, development aid also has strategic value; improved living conditions can positively affect global security and economic growth.
