The Admiralty and Maritime Law Guide includes over 1,500 annotated links to admiralty law resources on the Internet and a growing database of admiralty case digests, opinions and international maritime conventions. The emphasis is on the law of the United States and the focus is on Internet resources that can be used in an effective and practical manner by admiralty attorneys and maritime ...

Admiralty and Maritime Law Guide - United States Government

Foreign-born workers have been significant contributors to the U.S. economy for centuries. From the early 1800s until the outbreak of World War I, millions of European immigrants — Irish, British, Germans, Italians, Scandinavians, Russians, Hungarians and others — arrived in the United States, and their labor helped fuel the country's economic and geographic expansion.

Close to Slavery: Guestworker Programs in the United States

The Federal Court System in the United States publication introduces judges and judicial administrators who are from other countries to the U.S. federal judicial system, and its relationship to the legislative and executive branches of the U.S. government. In this publication, readers are expected to find information on:

The United States Constitution and the Federal Government
