The African diaspora consists of the worldwide collection of communities descended from native Africans or Africa's peoples, predominantly in the Americas. Historically, [when?] ethnographers, historians, politicians and writers have used the term particularly to refer to the descendants of the West and Central Africans who were enslaved and shipped to the Americas via the Atlantic slave trade ...

African-American literature is the body of literature produced in the United States by writers of African descent. It begins with the works of such late 18th-century writers as Phillis Wheatley. Before the high point of slave narratives, African-American literature was dominated by autobiographical spiritual narratives.
