Fashion Illustration is the art of communicating fashion ideas in a visual form that originates with illustration, drawing and painting and also known as Fashion sketching. It is mainly used by fashion designers to brainstorm their ideas on to paper or computer, using digital software like Adobe Photoshop and Illustrator, which helps them to communicate easily with their team.

A career in medical illustration combines the requirement to work precisely to record medical conditions while using flair and initiative to help others visualise their ideas. As a collective body, medical illustrators form an integral part of the clinical healthcare team producing a vast array of materials for medical teaching, health education and clinical records.
