### **The World Trade Organization**

The History and Future of the World Trade Organization draws on a wealth of human, documentary and statistical sources to examine in

### **The History and Future of the World Trade Organization**

The World Trade Organization is a central player in the regulation of international trade. As the rights and duties that form WTO law are not created in a vacuum, there exists a complex network of domestic, regional and international influences on the development of WTO law that go beyond the disciplines found in the covered agreements or the ...
