### **Annette Moreno - Los Hombres SÃ- Lloran lyrics + English**

No I do not think men cry as much as women in private.....I think women or most women are just more sensitive and are effected by more things. Men do not take things as personal as women do. Its a hormonal thing and a society thing. men also do feel they need to hold it together to feel strong not so that other people will think they are tough but so they will feel tough and strong and reliable.
